# POWER & ELECTRICITY EXPO

3rd INTERNATIONAL

# POWER, ELECTRICITY, SOLAR ENERGY, ENVIRONMENT & TECHNOLOGIES EXHIBITION

## 02-04 SEPTEMBER 2027
## ABIDJAN IVORY COAST

## CONNECT WITH BUYERS.
## POWER YOUR BUSINESS ACROSS WEST AFRICA.

Power & Electricity Expo Abidjan connects global energy brands with **key decision-makers** in one of **West Africa's most strategically located and fast-developing markets.** Supported by relevant **ministries and chambers of commerce**, the exhibition features professional conferences, high-level networking and a dedicated **Hosted Buyer Programme** welcoming qualified buyers and purchasing delegations from 12 countries.

*Join us to build valuable partnerships, explore new business opportunities and take your place in West Africa's rapidly expanding power and electricity sector.*

## CONNECTING EXHIBITORS WITH REAL BUYERS

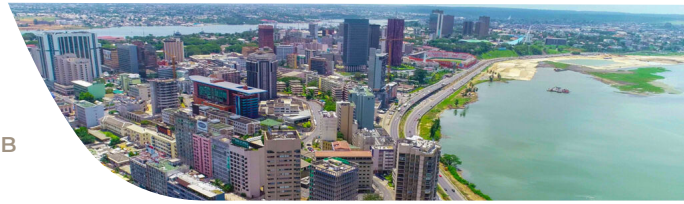

Our specially designed **Hosted Buyer Program** connects exhibitors with selected professional buyers and key project decision-makers.

Burkina Faso | Mali | Senegal | Gabon
Ghana | Benin | Togo | Guinea
Niger | Liberia | Sierra Leone | Cameroon

# IVORY COAST

WEST AFRICA'S ECONOMIC HUB

**Ivory Coast, West Africa's fastest-growing economy with a population of 32.1 million, is the economic hub of West Africa.**

**Driven by major investments in energy infrastructure and renewable power, Ivory Coast is rapidly emerging as one of West Africa's key markets for electrical equipment, power systems, and energy technologies.**

Ivory Coast's dynamic economy and rapidly growing population, combined with the **430-million-strong market** of the Economic Community of West African States (ECOWAS), create significant trade and investment opportunities.
